Jasha Joachimsthal

Web developer at Hippo (www.onehippo.com)
Apache Rave (Incubating) & Apache Cocoon committer
jasha@apache.org

Agenda

- Disclaimer

- What is Rave?

- Initiators & Participants

- Under the hood

- 0.6-incubating release

- Demo

- Further information and participation

Disclaimer

- Apache Rave is an effort undergoing incubation at The Apache Software Foundation (ASF).

- Incubation is required of all newly accepted projects until a further review indicates that the infrastructure, communications, and decision making process have stabilized in a manner consistent with other successful ASF projects.

- While incubation status is not necessarily a reflection of the completeness or stability of the code, it does indicate that the project has yet to be fully endorsed by the ASF.

RAVE

What is Rave?

- A web and social mashup engine

- Lightweight Java platform for widgets

  - OpenSocial

  - W3C Widgets

- Personalized portal / website

- Customizable

- Apache Licensed

Initiators & participants

  donated their Enterprise OpenSocial Container (OSEC)

- SURFnet
  donated OpenConext demo portal

- Open Grid Computing Environments (OGCE) project
  donated their OpenSocial gadget layout container and
  gadget host server

- OSS Watch UK, Open Source Software Advisory Service

- Hippo

Under the hood

- Apache Shindig

- Apache Wookie

- Spring MVC & Spring Mobile

- Spring Security

- OpenJPA

- Apache Tiles

0.6-incubating release

- Release starts November 30

- Mobile / liquid layout

- Re-use of views (Tiles)

- W3C Widgets (Wookie)

- Widget comments

- Shindig SPI

- Admin interface

RA·VE

Demo

- http://localhost:8080

Info & participation

- Useful pointers:

  - Apache Rave http://incubator.apache.org/rave

  - Apache Wookie http://incubator.apache.org/wookie

  - Apache Shindig http://shindig.apache.org

  - OpenSocial http://docs.opensocial.org

  - W3C Widgets http://www.w3.org/2008/webapps/wiki/WidgetSpecs

- Participate:

  - The Rave project is inviting anyone interested to join the community.

  - Entrance level to participate is very low and contributions are very much appreciated. You might become part of the project quicker that you would expect!
